Sarah,

I have been asked to task this directly to you. Please review the Requesters letter and Adrienne Riveras screen shot of the task following. You do not have an active FOIA account set up. I am attaching a FOIA form for you to fill out. I will need to send this to the FOIA officer or her acting to set you up so you can then create a password and submit your records. It is requested that you create PDFs of the emails. This request is from an AP reporter. EPR has the lead and there was a technical problem with FOIAonline and several of us did not get tasked or receive the task notices. They will be asking for an extension, so the date appearing will not be a worry. I do not work on Friday, but I will meet with you on Monday to discuss this.

Joyce

Dear FOIA Officer,

This is a request under the Freedom of Information Act. I request copies of the following documents from the Environmental Protection Agency pertaining to a saltwater pipeline spill near Mandaree, North Dakota earlier this month:

- EPA internal and external communications regarding inquiries by The Associated Press and other news organizations about a saltwater spill by a pipeline owned by Arrow Pipeline LLC (a subsidiary of Crestwood Midstream Partners LP) near Mandaree, N.D. in early July, 2014.
- EPA communications with the Mandan, Hidatsa and Arikara Nation (also referred to as the Three Affiliated Tribes) regarding said spill.
- EPA communications with Crestwood Midstream Partners LP and its subsidiary Arrow Pipeline LLC regarding the spill.
- EPA communications with all North Dakota government offices regarding the Mandaree spill.
- EPA communications with any other federal agencies - including the Bureau of Land Management and the Bureau of Indian Affairs - regarding the spill.
- Field notes of the EPAs visit to the site of the pipeline spill.
- Any reports filed by EPA investigators regarding the spill.
- Soil, water and air test results from the scene of the spill.
- Guidelines for working on environmental incidents that take place on tribal lands, including a clarification of EPAs authority and jurisdiction in such circumstances.

In order to help determine my status to assess fees, you should know that I am an Associated Press journalist. I am willing to pay fees for this request up to a maximum of \$200. If you estimate that the fees will exceed this limit please inform me before processing this request.

Given the location of the spill near a water supply used by Fort Berthold Indian Reservation, I ask that the EPA expedite this request.

If you have any questions regarding this request, please contact me at (701) 770 6027 or jowood@ap.org. I look forward to receiving your response.

Sincerely,

Josh Wood _____
